City to Hold Public Forum to Solicit Input on Public Works Director Search

BAINBRIDGE ISLAND, July 5, 2013 – The City has scheduled a public forum this month in order to receive input related to the search for a new public works director. The City engaged the firm Strategic Government Resources (SGR) to lead in this search, and SGR will facilitate the forum to allow citizens to share their thoughts and feedback on what qualifications and attributes are desired in the next public works director.

The forum will be held in the Council Chamber on Monday, July 15, from 6 to 8 pm.

“As with the police chief search, I believe it is vital that SGR hear directly from island residents about the qualifications and characteristics desired in potential candidates,” said City Manager Doug Schulze. “The consultants will then use this input when developing the public works director position profile.”

Those citizens unable to attend the forum are welcome to submit suggestions and feedback via email to cityadmin@bainbridgewa.gov. This information will be forwarded to SGR for their review.
